RE: Golden Corral Sign Installation

Ontario Neon,

The building signs look excellent! We were very pleased with the quality of you staff, equipment & signs. Your staff was very helpful & efficient. We will look forward to doing business with you again.

Enclosed you will find the sign permit with the final inspection signature by the building inspector. The other specs & info are also enclosed in this package. Please notify me if we left something out.

Sincerely,
Castillo Construction Company

Greg Malinao
Project Manager
