Dear Mark,

I just wanted to let you know how much we appreciate the sign work you have done for us. All of the signs look great. The reports we receive from our employees and customers are all positive and they like the new look.

It is always a pleasure to work with your team. From sign conception through installation, it has always been professional, friendly and importantly, accurate and thorough. The install teams are also top drawer people. They respect our employees and customers and do all they can do not to disrupt our business when they are onsite to do an install or simply doing some maintenance.

It is refreshing working with Ontario Neon when so many other companies offer low prices and deliver only excuses. Please add our name to your list of references. As you well know, we always refer your company to our business associates.

Thanks again,
