

## Ganahl Lumber

Pasadena, California

### The Project:

Create and install a complete sign identity for regional lumber center consisting of:

- LED channel letter assemblies
- Exposed neon displays
- Back-lit freeway hi-rise sign
- Back-lit pylon main identity sign

Encore Image creates custom signs and sign structure elements. We have a long history of producing superior sign systems. It is our mission to work with discerning clients to help them design, build, install and maintain their signs. We pride ourselves in providing complete project management. Our turn-key program can accomplish each phase of your sign project:

**Planning • Design • Engineering • Permitting • Manufacture • Installation**

We created an identity for Ganahl Lumber and we can do the same for you. Please call us.
